Hello Master Chia,

I started playing 4D about 6 months ago. But my lottery luck is really bad, I didn't strike any prize even though I played every draw for the past 6 months.

In early Jul this year, I went to see Master and asked for his advice. After my consultation, I decided to buy the Winning Power Pendant to enhance my lottery luck. He asked me to concentrate on the symbol on the Pendant and I will see a 4-digit number. I stared hard and made out this number, 0124 from the Winning Power Pendant. I played \$2 big on system bet.

Wah! A miracle really happened to me. I hit the 1st prize within a week. On 19 Jul, I hit the 1st prize on 0241 and won \$4,000.00! The money came in just in time to settle all my debts I owed to some people. What a relief!

Many thanks to Master Chia's advice and the extraordinary lottery luck that Winning Power Pendant has given me!

Hi Master Chia,

Though I buy 4D very often but I did not even strike a single prize for more than one year! My lottery luck has been very poor, below sea level. In the Aug 08 magazine, I read about the story about a Winning Power Owner who won the 1st prize on 0241 within a week.

So, in Nov 08, I went to see Master and asked him on how to improve my lottery luck. I decided to buy the Winning Power Pendant. He also gave me a lucky 4D number and asked me to play for 8 draws. There was no hit. On my request, he gave me another set of numbers. I played 3 direct numbers, i.e., 3768, 8367 and 7683 on \$2 big each.

Wow! I hit the 3rd prize 3768 on 6 Dec 08 and I won \$980.00. Believe it or not, the Pendant Power works for me. Though not a big sum but it really makes me so very happy. And I believe more good luck will come to me. As I said earlier, I have not strike a 4D prize for more than a year. This strike means a lot to me. Thanks to Master Chia and your Winning Power Pendant.
