Hi Master Charles,

I always look forward to attending your monthly 4D/Toto Seminar. I learned quite a lot of useful tips and techniques in 4D analysis. Each month, you reviewed the change of trends and patterns of 4D numbers. Also, you discussed different methods of picking 4D numbers in each seminar.

Based on your tips given by you in the July 2010 seminar, I decided to pick some numbers to play after the seminar. One of the numbers was 3308. Believe me or not, I hit the 1<sup>st</sup> prize on 1 Aug 2010 and won \$998.00 on the 1<sup>st</sup> draw. I supposed to win \$12,000 but I marked iBet instead of System bet with \$3 big and \$2 small, Ordinary bet.

I was so disappointed for this silly mistake I made. Anyway, I was still happy with this win.

Thank you Master Charles for your good 4D tips.
