"That night, true enough I strike 6656 1st prize direct and won \$15,000.00! This is the biggest ever Christmas Gift!" – Mdm Tiok Tau Pio

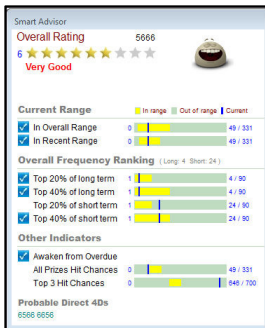

20 Dec 2011

Dear Charles & Vincent,

Thank you for the new 4D SuperEase Plus Professional Software. At your talk on newly upgraded software on 15 Dec 2011, I was really impressed with the new smart features of the software.

Now, it is so easy for anybody to pick a set of good numbers to play. I do not need to think so hard because 4D \$mart Advisor will do all the final selection of numbers for me. This has helped me, in a big way, to win a generous "Christmas present", \$15,000.00 cash on 18 Dec 2011. It is a just a week before Christmas. Ho! Ho! Ho! I gonna have a very happy and merry Christmas with my family!

I like to play AAAB numbers. I have a favourite number, **5666**. After attended your talk on 15 Dec 2011, I go back home and used the software to analyse the system number 5666. The overall rating for this number is "Very Good" with 6 "Stars":

I studied the recommended direct numbers using the Smart Pick (4D Selection) and picked out 5666, 6665, 6566 & **6656**. On two of the chosen direct numbers, I decided to buy a bit more, \$5 big & \$5 small 6566 & 6656.

With full confident, I went to queue up to buy 4D. **That night, true enough I strike 6656 1st prize direct and won \$15,000.00!** This is the biggest ever "Christmas Gift" from Singapore Pools!
Ho! Ho! Ho! ... Ho Say Liao ...! Halleluyah !
