## SuperEase Plus Professional - Version 1.1

*\$martest & Fastest Way To Pick Winning 4Ds*

**SuperEase Plus Professional** is comprehensive 4-D Analysis and Forecast software that is designed with the beginner, intermediate to the advanced users in mind. SuperEase puts you in control of the simplest to the most advanced 4D analysis features you can possibly think of.

The release of 4D SuperEase Plus Professional™ in January 2012 is yet another major milestone in the development of this 4D analysis and forecast software. The main objective of the upgrade is to give you, the user, a new refreshing and satisfying user-experience in using the software.

We have re-designed the upgrade with you in mind. In this upgraded software, most of the new functions or enhancements are made to take away the tedious and lengthy process of analysing and selecting good 4D numbers to play for the forthcoming draws.

The upgraded software will be doing most of the thinking, analysing and selecting numbers for users. Basically, the users just have to click a few buttons and you will get to the good numbers, both system and direct numbers.

## What's New in SuperEase PLUS Professional

### 4D Smart Analyst

Lists Most Frequent Numbers. Gives a list of top numbers ordered by total frequency. Analyses hot 4D numbers. It gives a list of numbers ordered by total frequency, with the highest frequency number at the top of the list.

### 4D Smart Advisor

Ranks Top Numbers. Gives overall "Star" rating and ranking of numbers. It lists and ranks numbers according to their Overall Stars ratings (0 to 9, 9 being the highest) based on various performance factors. The number with the highest Star rating is automatically ranked on top of the list.

### 4D Smart Thinker

Filters Hot Numbers. Shortlists 4D numbers according to various performance criteria or other factors based on your own selection. You need not do anything if you wish to accept all the selection as given. This is known as the default selection.

### 4D Smart Picker

Picks Your Numbers. Analyses your chosen individual system number. Rate and grade and individual system number and forecast direct numbers. The most frequently used function to analyse any 4D number. It shows you in-depth performance of 4D by playing range, history details, yearly performance and direct 4D rating, recommended probable direct numbers, etc.

### 4D Smart Multiplier

You can analyse any favourite numbers such as NRIC nos. birth date, etc. It instantly gives you all combinations 4D sets and the Star rating for each 4D.

#### **4D System Forecast**

The new improved monthly forecast with Digit Group forecast by High, Low or Mix digit.

#### **4D Digits Group**

Another advanced feature helps you to analyse by High, Low or Mix digit group. The **Weekly Digit Group trend** gives you a weekly group trend and the "weekly forecast" 4Ds to play.
